

**Perspectives on the Evolution of Structures**  
**Writing Assignment #2 (final draft)**

**Assignment:** Revise, edit, and rewrite your draft essay into final form for submission and grading

**Guidance:** Give careful consideration to the comments made by your peers during the peer editing session. Also, give the draft essay a careful reading of your own. Continue to strive for clear, persuasive critique supported by evidence, all set in the context of the 3 S's.

**Details:** Bring one printed copy of your essay to class for submission. At the end of your essay, write 1-2 sentences describing how your peer editing experience affected your writing. Remember:

1. Include a photo
2. Cite all sources
3. Have a thesis statement
4. Support the thesis statement
5. Have a conclusion
